

The White Barn Inn achieves AAA 5 Diamond Rating...

For the thirteenth consecutive year, the White Barn Inn Restaurant has achieved AAA Five Diamond rating.

Encompassing two restored barns dating from 1860's, Kennebunkport Maine's leading restaurant offers a rustic decor, candle lit crisp white linen tables and the classic views from our floor to ceiling picture window create the perfect stage for a romantic gourmet retreat or that special celebration with family or friends.

With a menu that is refreshed every week by Jonathan Cartwright, our Executive Chef, you will discover epicurean finesse and subtlety, underwritten by the rich and fulsome flavors of New England and coastal Maine. Explore dining excellence where East meets West, absorb the rich aromas of local game and take in the unique and masterful touches of our kitchen brigade as they bring to you the freshest fruits of the sea off the icy waters of Kennebunkport – sheer dining excellence complimented by a cellar of world renown. And save just a modicum of space for a dessert selection to die for.

“Awards and recognition are pleasing...AAA Five Diamond, Condé Nast’s Traveler, Travel and Leisure Magazine, Zagat and more,” says Jonathan Cartwright, Executive Chef, “but the real reward for us here in Kennebunkport, is in seeing the complete dining pleasure of our guests...our friends really, and always, that touch of the romantic is in the air.”

AAA Diamond ratings for restaurants represent a combination of the overall food, service, décor and ambiance offered by the establishment. The descriptive ratings are assigned exclusively to establishments that meet and uphold AAA's rigorous quality standards. AAA describes the criteria they apply to achieve a Five Diamond Rating thus:

“Establishments are renowned and consistently provide a world-class experience. This is "haute cuisine" at its best. Menus are cutting edge, using only the finest ingredients available. Food is prepared in a manner that is highly imaginative and unique. The combination of technique and ingredients is extraordinary, reflecting the impeccable artistry and awareness of highly-acclaimed chefs. A maître d' leads an expert service staff that exceeds guest expectations by attending to every detail in an effortless and unobtrusive manner.”
